RAE FLYING RISKS MINISTRY ADVISE PRIVATE INSURANCE

Air Ministry Orders state in regard
to R.A.F. flying risks that the com-
pensation payable in the event of
injury or death, and provided for in regula-
tions, cannot take into account exceptional
personal liabilities which may exist in
individual cases.

R.A.F. FLYING RISKS

Air Ministry Advise Private Insurance

Air Ministry Orders state, in regard to
R.A.F. flying risks, that the compensation
payable from public funds in the event of
injury or death, and provided for in regula-
tions, cannot take into account exceptional
personal liabilities which may exist in
individual cases.

"Officers and airmen are therefore advised
to consider whether their individual circum-
stances render it desirable that they should
effect private insurance to supplement the
compensation which might become payable
from official sources, or to cover contingencies
in which no official compensation is payable,"
it is stated.

"Officers and airmen who contemplate par-
ticipating in their private capacities in civil
air displays or meetings are specially advised
to consider the question of insurance, since
disability or death arising from such partici-
pation will in no circumstances be regarded as
attributable to conditions of service, and the
Air Ministry can accept no liability in respect
of them."

R.A.F. Flying Risks Private Insurance Advised

Air Ministry orders state, in regard to
the compensation payable in the event of
injury or death, and provided for in regula-
tions, cannot take into account excep-
tional liabilities which may exist in
individual cases. Therefore whether
under private insurance or not, it is
advised that officers and airmen should
consider the question of insurance.

INTERPRETIVE HISTORY *of FLIGHT*

BY M. J. B. DAVY, F.R.AE.S., KEEPER OF THE AERONAUTICS
COLLECTION OF THE SCIENCE MUSEUM

A SURVEY OF THE HISTORY AND DEVELOPMENT OF AERO-
NAUTICS WITH PARTICULAR REFERENCE TO CONTEMPORARY
INFLUENCES AND CONDITIONS

THE STORY OF THE DEVELOPMENT OF FLYING MACHINES has frequently been recounted, but that history of aeronautics which should include all human activities relating to flying has never yet been fully told. The period covered is so long and the subject so complex that an exhaustive survey can hardly be attempted.

In this new volume, the subject has been approached from the standpoint of contemporary human development and of the social and economic background — aspects which are of increasing importance to-day. Much more is given, therefore, than the bare facts and technical details of the subject.

High Frequency Terminals

Registered Design No. 819,944.

The new G.E.C. H.F. Terminal has been introduced to meet the need for a terminal of truly scientific low loss design, and as the result of considerable research into the problem of losses and insulation resistances at radio frequencies a terminal has been produced which it is believed is without equal for its purpose at the present day.

The special ceramic insulation employed is not only of a very low loss type, but the proportion of it in the electrostatic field is small, whilst its shape with respect to the terminal stem and mounting bush is such as to provide the minimum loss conditions.

TECHNICAL DATA.

Capacity to ground	2.5 micro-micro farads.
Power Factor	5×10^{-4} at 1 megacycle.
Dry Insulation Resistance	10^{14} ohms. approx.
80% relative humidity Resistance	10^{10} ohms. approx.
A.C. Breakdown Voltage	2000 volts.
Main Working Voltage	1000 volts.

Military Operations

TOGOLAND

AND THE

CAMEROONS

By

Brig.-General F. J. MOBERLY, C.B., C.S.I., D.S.O., p.s.c.

THIS volume tells a story of warfare in swamp and forest that has few parallels in history. An interesting description of the country, amply illustrated, introduces the reader to a region little known before 1914. The mountainous part of the Cameroons possesses features of great beauty, and a moderate climate, but the coastal area is one of the most pestilential known. The clear-cut conquest of Togoland is followed by the more complicated operations in the larger colony. The narrative describes how our West African soldiers from Sierra Leone, Nigeria, the Gold Coast, and the Gambia nobly sustained the highest traditions of our armed forces. Step by step the volume traces the course of events: the German preparations at Duala and the surrender of that important place: the capture of Jabassi, Edea, Victoria, and Buea; the operations up the northern railway; the German attack upon the French at Edea; the operations in the north; the first unsuccessful advance and the final drive of converging columns upon Yaunde. With the fall of this place and the retreat of the enemy into Spanish Muni some six weeks later, the campaign came to a triumphant end.

The Royal Air Force Benevolent Fund

(For the help of all ranks in memory of those who died serving.)

Telephone :—Abbey 1659.

Chairman of Council : : The VISCOUNT WAKEFIELD OF HYTHE, G.C.V.O.
Secretary : Group Captain G. I. CARMICHAEL, D.S.O., A.F.C. (R.A.F. retired).

THE ROYAL AIR FORCE BENEVOLENT FUND was established in October, 1919, to commemorate the work of the Flying Services during the War, 1914–1918.

A Memorial to the Officers and Men who fell in the War was unveiled on the Thames Embankment in 1923 ; a home and school for the sons of deceased Airmen was established at Vanbrugh Castle, Blackheath, in 1921, and accommodates 42 boys ; up to the end of 1937 a total of £224,000 has been expended in relief of distress.

The Fund exists to relieve distress among all ranks of the flying Services past and present and their dependants ; in addition assistance is now permitted to personnel of the Auxiliary Air Force and R.A.F. Reserve, where distress can be attributed to Service. It must be prepared to help :—

The disabled, and the dependants of those killed flying.

Other casualties and their dependants.

Sufferers on account of sickness and general distress.

Although there has been a diminution in the number of cases of minor distress, expenditure upon relief continues to rise ; it has been doubled in the last 10 years, and in 1937 reached £20,298.

There is no visible prospect of a reduction in expenditure on Wartime personnel, while the expansion of the Royal Air Force will probably involve a rise of at least £5,000 per annum on Post War Regular personnel and further sums on account of the Auxiliary Air Force and R.A.F. Reserve.

Combined with the prospect of greater expenditure, is the possibility of a sudden reduction in income owing to a partial or complete cessation of Service Displays in a time of national emergency, rendering the Fund unable to fulfil from income its ordinary commitments to the extent of £6,000 per annum.

The Council appeal for unremitting support so that adequate help may be given in the present and the Fund strengthened for the future.

How to send Help.

Cheques, etc., should be made payable to the HON. TREASURER, R.A.F. BENEVOLENT FUND, and sent to him at 7, IDDESLEIGH HOUSE, CAXTON STREET, WESTMINSTER, S.W.1, and will be gratefully acknowledged direct.

KITCHENER MEDICAL SERVICES SCHOLARSHIPS

Medical services scholarships are awarded from time to time (a) to the sons of officers and men, or of ex-officers and men, of the Regular Forces or (b) to the sons of officers and men, or of ex-officers and men, of the Reserve and Auxiliary Forces who served in the Great War, for the purpose of assisting them to take a course of study to qualify themselves to practise medicine and surgery with a view to obtaining regular commissions in the Medical Services of the Navy, Army or Air Force.

The scholarships are strictly limited in number and the value of each scholarship (normally within a maximum of £200 a year for six years) is dependent on the financial resources of the candidate's family. The scholarships are granted on the condition that the scholar, on becoming qualified to practise medicine and surgery, will apply at once for a commission in the Medical Branch of the Royal Navy, the Royal Army Medical Corps or the Medical Branch of the Royal Air Force and that, if granted such a commission, he will render not less than five years' actual service on full pay.

Candidates must normally be over 17 and under 20 years of age on the first day of January preceding their applications.

Further details may be obtained on application to:—
